Call For invitation and Announcement

With the aim of creating opportunities for strong economic and trade cooperation and partnership, the first international conference and specialized exhibition of economic cooperation of the Shanghai Cooperation Organization (ECO) and Iran's neighbors entitled "Iran Scocoex" will be held from 19rd to 22th of October 2022 in Tehran.

"Iran Scocoex" is a multi-purposed event hosted by 26 countries to strengthen and boost bilateral and multilateral pathways and strengthen mutual trade and economic cooperation between member states, observers and dialogue partners of the Shanghai Organization and the ECO and Iran's neighbors and is going to be held in the Summit Hall and the International Exhibition Center in Aftab, Tehran.

This international event is going to be held in Tehran in order to create a new platform and unique opportunities for cooperation in the project of building a strong economic relationship, active participation for actualizing "A belt, a road, energy club, interbank consortium and using the best of the potentials and trade and economic capacities of these countries.

Iran Scocoex opens a new horizon in relations and boosts regional cooperation so that countries can use the economic potential of this huge market in the field of export development, attract foreign investment, supply of raw materials and technology to modernize industries and expand the activities of centers and Knowledge-based companies to benefit from job creation and currency exchange.

At the Iran Scocoex conference, solutions to strengthen and expand economic relations, seek or create the necessary tools to remove production barriers, upgrade technology, import raw materials required for production and laying the groundwork for large investors in upstream industries, as challenges facing governments and business leaders and the companies are going to be considered, reviewed and exchanged and discussed.

This event can be deemed as a window for expanding countries' interactions. And one of the predictable results in this event is the change or alternation of potentials or capacities into reality in order to improve the current situation.

This event is the first practical step for leaders, owners and key economic actors and decision makers in the field of industrial and commercial businesses to expand economic, commercial and trade goals and programs in a wide range of regional geographies with the presence of trade delegations from 26 member states of the Shanghai Cooperation Organization (SCO), ECO Economic Organization and Iran's neighbors are expected to host more than 20,000 visitors in Iran.

The event, which is reckoned as a multifaceted opportunity to boost relations and strengthen the ways of cooperation between Ecoeconomic and economic diplomacy with Shanghai member countries and ECO, Eurasian Economic Union and Iran's neighbors, with the presence of senior political and economic officials, investors, Bankers, leaders and economic and industry producers of the participating countries will be organized and during that period, trade, economic, technical, scientific and web-building meetings will be held to sign great export contracts.

Iran Scocoex should be held in Tehran, accentuating the full support of all "the 13th Iranian government, including ministries, organizations, institutions, companies."

Iran SCOCOEX Olympics on Industry and Trade

The headquarters of this event and its permanent secretariat are in Tehran. This event can be held annually in a member state of the Shanghai Cooperation Organization and will be determined as an Olympics based on the countries ready to hold the event. And the determination of the host countries among the applicants is determined based on the lottery so that the next places of the event and the next host country are determined.

The policy council of this event is determined according to the local venue and is determined by the officials and experts of the same country with the cooperation and consultation of the Executive Secretary and the Secretary General of the Shanghai Cooperation Organization (SCO) and the Iranian Secretary General of the event. If a country is not ready to

hold this event every year, this event can be held in Tehran. In the exhibition section of this event, interested companies from each member country, neighbors of the host country and SCO dialogue partners can register individually or under a pavilion from their own country. To sponsor this event, any company that is not in conflict with the interests of the SCO members and the host country can apply for review if approved by the Policy Council.

Exhibition booths are given only to permanent members, observers and SCO dialogue partners, ECO members and Iran's neighbors.

Any professional or manager from anywhere in the world can register to attend the opening and closing ceremonies, provided that it is not in conflict with the interests of the SCO members and the host country and approved by the Policy Council.

Opening and closing keynote speakers can only be from presidents, prime ministers and ministers of permanent members or local host officials or special guests approved by the SCO's Policy Council and Executive Secretary.

Event expenses and special guests and speakers and travel expenses, ceremonies and accommodation are the responsibility of the event organizers in the host country from the place of registration, booth transfer, sponsorship and publications.

The security of the speakers, guests, and participants is the responsibility of the event security unit under the supervision of the host country. Iran Sccoex Conference and Exhibition will be held in order to introduce the potential of Iran's non-oil export services and goods as a tool and path to achieve the country's export goals. Therefore, the organizers of this event believe that the development of Iran's non-oil trade with the

member countries of the Shanghai Cooperation Organization is possible with scientific and diplomatic solutions. We want purposeful knowledge, collective wisdom and planning for providing 100% of the country's export targets for each of the target markets among SCO members, ECO and neighbors.

In this regard, specialized committees will be formed in relation to each country with more than 10 expert pre-meetings and for each country with international expert teams, Iranian manufacturers and brands to study, assess the needs, talents and potential of each country for trade and economic relations with We will pay Iran to lay the groundwork for a result-oriented event. We will purposefully select and invite the participants of this event from among the producers, investors, buyers and traders of each country.

How to select speakers, participants and sponsors of the event

The political speakers of the event will be selected from among the highest officials and personalities of the host country (2 people) and based on economic diplomacy of each host country from the officials of 26 countries (2 people) from among the scientific personalities and business leaders. Receipts from the host country and the countries present at the event will be selected at the discretion of the Policy Council and the Permanent Secretariat of 8 people.

Why Shahreh Aftab?

To choose the venue of the exhibition, the positive and important benefits of the Shahreh Aftab exhibition have been examined by experts, which are as follows:

Easy and traffic-free access: The right location and convenient access to Shahreh Aftab from anywhere in Tehran, you can access the exhibition without traffic load.

Location: One of the advantages and features of the exhibition location is the proximity to Imam Khomeini International Airport, the possibility of connecting to the metro and railway lines of Tehran, the proximity to the holy shrine of Imam Khomeini and access to national axes such as the highway of Tehran - Qom and Tehran - Saveh

Suitable green space: Shahreh Aftab with a green space of 40 hectares is one of the greenest exhibitions in the country.

Standard Exhibition Halls: Being in a row and interconnected by three exhibition halls, which have both very good lighting and a very suitable height, and most importantly, there was no column in the halls, which is one of the problems of exhibitors and booth construction teams in other exhibition halls.

Other positive features of Shahreh Aftab Exhibition that create a sense of calm in the audience are as follows:

No traffic restrictions for the transfer of equipment and machinery.

Ease of unloading and loading at the exhibition site according to the facilities of the halls.

Easy access of visitors from other cities to the exhibition complex of Shahreh Aftab through the Persian Gulf, Azadegan and Shahid Tondgooyan highways

Existence of a dedicated Subway station

Existence of several parking lots in the exhibition

Having up-to-date architecture and access to restaurant facilities, welfare, etc. without the need to leave the hall and having an up-to-date ventilation system for heating, cooling and exhaust

Non-traffic of non-specialists and prevention of wasting the exhibitor's time and increasing the security of the venue

Introduction to Tehran Summit Hall Conference Venue and Iran Scocoex Side Exhibition

The International Conference Center of the Islamic Republic of Iran, also known as the "Summit Hall", is the conference center in the north of Tehran. The building of the International Conference Center was built on the northern side of the Tehran International Exhibition Center, located on the Chamran Highway, with a base of about 24,500 square meters, in an area of about 100,000 square meters, in order to hold a summit of Islamic countries. The dome of the building is conical and has a metal frame and its roof is sandwich panel and its height from the floor is 36 meters. In addition to the main and equipped hall, other parts are: two multi-purpose halls with an area of 300 square meters, prayer hall and ablution area with an area of 100 square meters, two luxurious halls with an area of 2300 square meters, two special halls for rest and waiting for

heads of state. 400 square meters, four conference halls with an area of 300 square meters with wide screens (video), the roof plate which is part of the complex space and overlooks the Alborz Mountains from the north, office space with an area of 1850 square meters located in the four corners of the roof. Its interior design includes bedding, plastering, shelving, beautiful and simple niches and inspired by the ancient traditional architecture of Iran, which is decorated with handicrafts.
